ANOTHER OUTSTANDING VALUE

Probably the thickest carpet
 you have ever walked on!

Wind Song

By LEES

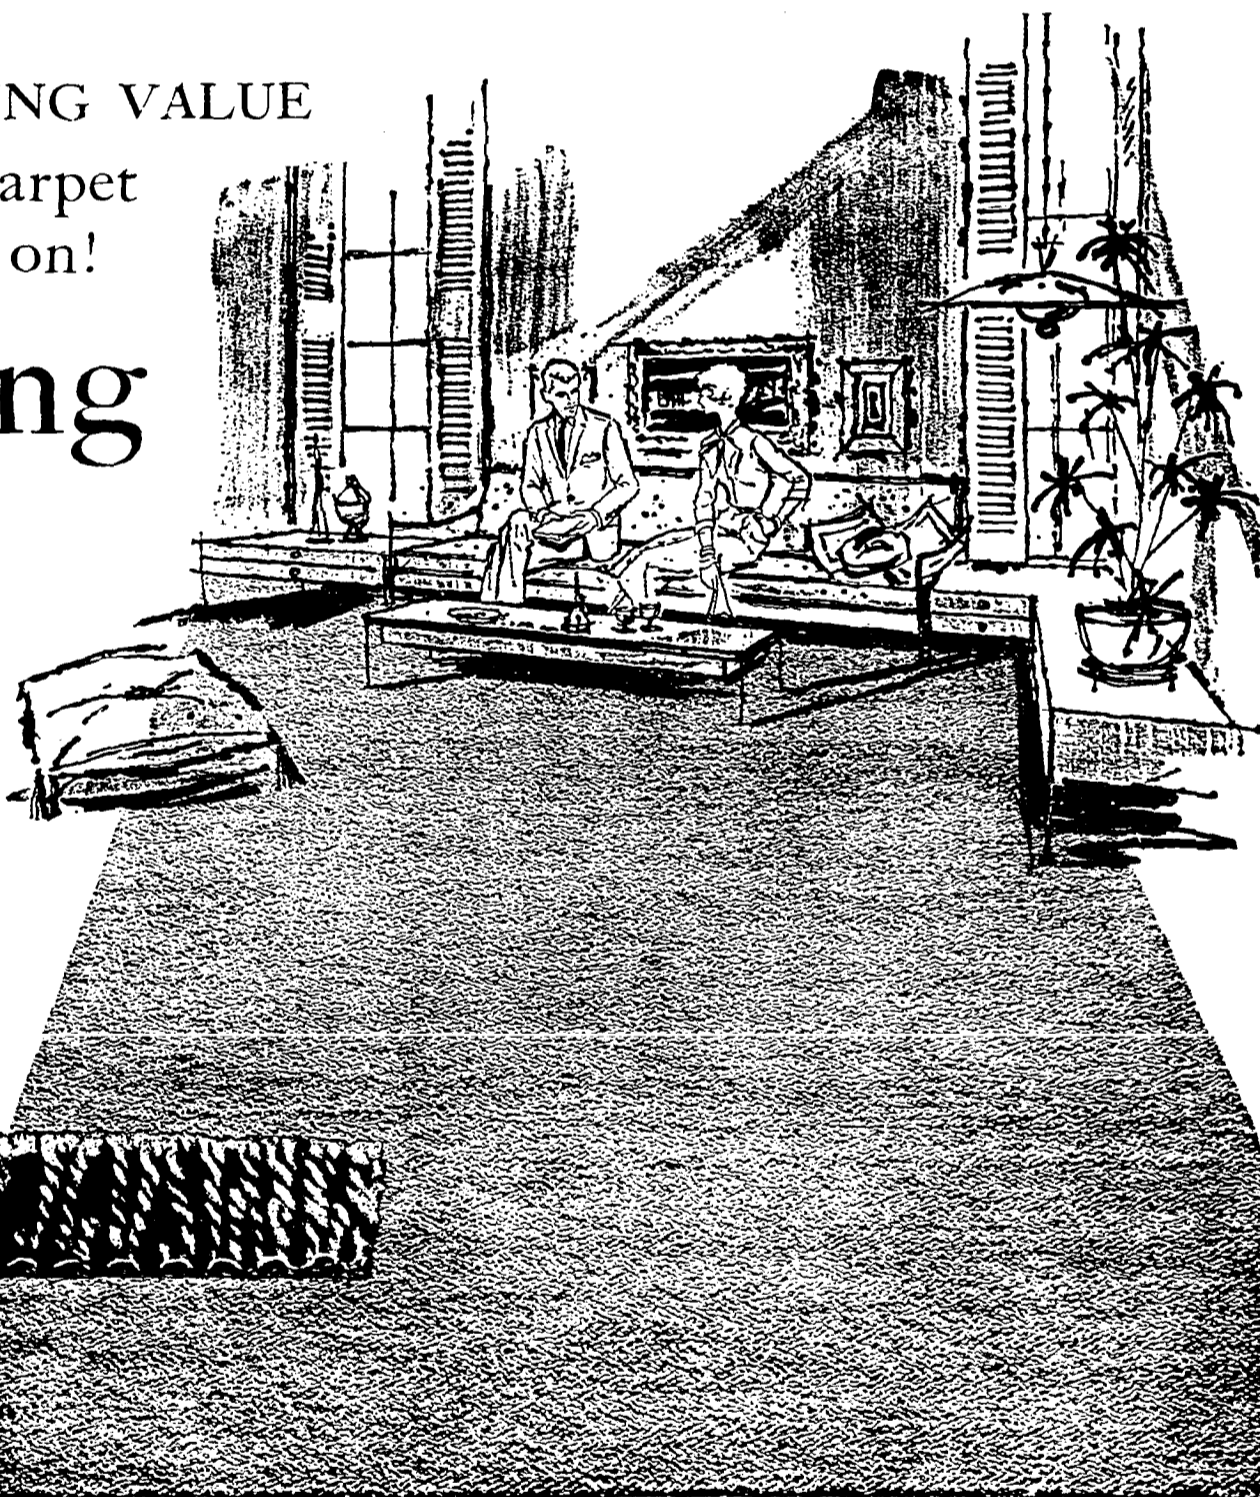

Pure Wool Pile

Proven performance! Luscious wool
 broadloom that really will wear!

You'll love it on sight—as we did when Wind Song was first introduced. Today, the happy experience of countless customers testify to its amazing ability to withstand years of active family wear.

Here's deep-down luxury to do you proud. And Lees packs it with thick lively wool and labels it with the wool mark of excellence. Steeps it with sparkling color magic in as many as 20 fashion shades.

We know of no greater value for your decorating dreams. An average 9x12' size is only \$239.40—a modest outlay measured against bonus years of wear. Have it wall to wall, or as rugs in any size or shape. Credit terms easily arranged on long-term plans.

SHOPPING TIPS FROM OUR CARPET CLINIC

The wool mark is your assurance of quality tested carpets made of pure wool pile.

WALL TO WALL? Yes—for luxury and spaciousness, to absorb household clutter, for no bare floors to dust and wax.

RUGS? Yes—for dramatic color, for decorating versatility. Roll up easily for cleaning, dancing, or moving. Small rugs for accents. Area rugs for groupings and special areas.

WHAT COLOR? Bring fabric and wallpaper samples, or discuss your color scheme with a trained counselor salesman. Don't mistake a dull color for practicality. Since all colors will show some soil, let yours be decorative.

WHAT WEAVE? For high traffic areas—tight loop pile or hard twists, or high quality plush pile.
